

Learning activity:

Mascots

Student name

Some teams in the AFL have an animal mascot, colours that represent their team or some kind of symbol. For example, Collingwood has a Magpie.

Think about what animal or symbol would best represent a new team in the AFL. **Draw and design your new mascot below.**

Ensure you can justify your choice. If your team comes from a particular part of Australia, think about the animals native to that area.

Quick tip: Stuck for ideas? What animal

would a team from Tasmania have as their mascot?
